

Consulting Services & Technical Assistance in Support of SOC Grantees

The TA Network is comprised of national experts in child, youth, and family services working to expand and sustain community-based Systems of Care (SOC) across the U.S. We provide expert consultation and technical assistance to state and local governments, tribes, territories, communities, and organizations working to develop and finance effective youth- and family-serving systems and to build a well-prepared workforce for the benefit of children, youth, young adults, and their families.

Our Approach

Offers innovative strategies grounded in **implementation science** and best practices

Ties to **cross-cutting** systems issues and reforms underway in states, tribes, territories, counties, and cities

Connects to emerging and evolving federally funded initiatives and programs

Focuses on **operational** design and management

Leverages **family and youth leadership, cultural and linguistic competence** and cultural humility, and antiracist strategies

Embeds SOC practices into mainstream youth- and family-serving systems to **sustain, expand, and improve programmatic outcomes**

In consultation with us, these TA packages can be added to SOC grant applications
